

Good morning, Father,

As a priest serving in assignment in the Archdiocese of San Francisco, you are entitled to the new international medical travel insurance plan. Know that the Archdiocese is underwriting the premium for you and your brother priests on your behalf.

The GeoBlue Trekker Choice plan went into effect on April 1, 2019, and will remain in effect for the year.
One step remains (see below to activate the insurance).

Please click on the GeoBlue Medical Travel Insurance link to register your certificate number and gain access to your policy documents, plan information and provider search tool. (to obtain your certificate number, email groha@sfarch.org OR call 855-481-6647.)

The registration process uses your full name, date of birth and certificate number to verify identity.

If you need medical assistance while you are abroad or if you have questions about your policy, know that this online registration is not absolutely necessary.
You will still have the coverage.

But registering online will allow you to get a card at the end of the verification process for your wallet, thereby making activation overseas much easier in the event of an emergency.

To use your policy:

Simply call the Customer Service department or Global Health & Safety department at **855-481-6647** to request overseas medical assistance. You may also email questions to customerservice@geo-blue.com.

Thank you! God bless you, Father, and the many people you are serving. Know that the Archdiocesan Presbyteral Council, your Vicar for Clergy Fr. Ray Reyes, and the Archdiocesan Chief Financial Officer Joe Passarello are responsible for recommending this new benefit - overseas medical coverage - to the Archbishop on behalf of all Archdiocesan priests, and all extern and religious order priests in Archdiocesan assignment. This insurance is only available to priests under the age of 84.

With support,
-Annabelle
